We Care

Having had a fulfilling holiday and being assured that you have socially and

environmentally contributed in a small but responsible manner -wouldn't that make
your travels a little more worthwhile?

We want to make a difference and do our best in making the world a better place for
each and every one. A small contribution (even as little as R 10) will help us make that
difference. Every year or sooner, '**mirchee**' will donate the contributions to a charity,
or charities, of our choice and all details of these initiatives will be posted on our
website.

We at '**mirchee**' also strive to make a difference in the quality of our living environment.
We are concerned about the carbon footprints we leave behind and how we can make a
difference to preserve our environment both for us and for generations to come.
We do our best to ensure that our suppliers and hotels we deal with have a greening
policy in place. Reduce, Re-use, Recycle is our policy.
